to the old life of his forebears.

will find much to applaud in "Vera," her latest work, which contains many interesting close ups of the most unpleasant man in fiction.

The book can scarcely be called a novel. Rather it is an extraordinarily astute human document, a minute analysis of one particular kind of egoist. The render is not so much told as left to infer just what havon his egoism wrought in the lives of others—his acquaintances, his ser-vants, his in-laws, but most especially his unfortunate wives, of whom there were, up to page 319, but two.

One feels certain, however, that

there will be one or possibly two more, for Lucy, the sensitive and acutely suffering second victim who is being tenderly gathered to the egoist's breast curtain falls, is not, one passionately hopes, of the kind to sul long to Wemyss's selfish demands. She will escape, even if she has to resort to poor Vera's method.

Vera, the first wife, it should be explained, after fifteen years of having her spirit crushed under the appalling weight of Wemyss's egoism, escaped by the simple though nervy expedient of jumping out of a third story window. After all, when one's spirit is crushed, what matters a broken body?

The really brilliant achievement of the book is the careful manner in which the author has shown that Wemyss never for an instant suspected that he was an egoist, a brute and a spoiled baby. He saw himself as the most wholesome and sane and

coldness with which she had met his love all those years. He would find

tenderness and unalloyed devotion.

Vera had never appreciated nor responded to his love. In the end Vera had grossly failed him, annoying him and hurting him even in ner death, which had involved him in that most unpleasant episode, the inquest. Very well, he would forget Vera and the coldness with which she had met his.

To read of the heroine protesting to the coldness with which she had met his.

That "tea cup time of hood annot conceive denial. She says of the apostles, "They were not knights of the Lorraine land, The men of the crusades would never have denied him." And she goes on murmuring. "Orleans, in the land of the Loire."

That is the name of the city which she had met his.

love all those years. He would find solace in Lucy, and simultaneously give solace to her in her newly orphaned state.

We begin to realize, after reading "Vera," that perhaps the author is not, as some readers have thought, merely venting a dislike of the sterner sex in portraying Wemyss, but has posed as Mr. Everard while making love all those years, in Lucy, and simultaneously of Andover, "Sir, Mr. Everard—whoever any spark for another effort. And they were then they were the duty and destiny, the name of the form where the centuries will see France in the days of her defeat resonly in a primitive way. Business for another effort. And their lands and their goods away from them, and a remarkably successful which hope cries its affirmative above the conflict in the voice of heroine weapons." merely venting a dislike of the sterner sex in portraying Wemyss, but has posed as Mr. Everard while making and poet.

In his "Porche de la Deuxieme love to Diana Beauleigh, had little only Wemyss, but many of the world's egoists, male and female, are sublimely unaware of their utter selfishness, and to have unaware of their utter selfishness, and to have unaware of their utter selfishness, and to have unaware of their utter selfishness. whatever manliness the Duke pos-

the distance of the that he was right, and generous, and possibility of ending his folly on the the tragic horror of Jeanne d'Arc as that he was right, and generous, and possibility of ending his folly on the thick young bride. So, until universal peace or the grace of God or something shall wipe selfishness forever tale, on the whole, is as graceful and something shall wipe selfishness forever tale, on the whole, is as graceful and still walking a conqueror over all track workers."

Paris Remembers Peguy LE MYSTERE DE LA CHARITE DE, their course on a level above national

Paris: Edition de la Nouvelle Revue. In the case of Peguy, as in that of A FAITHFUL comrade M. Lotte, has left this portrait of Peguy:

"He is a small man, with rounded shoulders, crowded into a tight jacket, with coormous shoes on the safety of thought and of the humanity itself was confused with that of his country. The war seemed to Peguy a deliverance. More than ever Jeanne d'Arc was his tight jacket, with enormous shoes on More than even his feet, a little hat on his head, a heroine, identified the state of the heroine. peasant face, in which burn two sharp eyes." mind with the very being and the sufferings of France.
For the 500th anniversary of Jeanne

in character equally discainful of superficial elegance, he was a philosopher and poet who remembered it follows the character of those early his laboring ancestors, ploughing deep and straight his own furrow. He be-

reissued, affirm and explains this fact. Though it appeared only three years before his death the subject of this volume was the same as that of his first published work. "The Mission of Jeanne d'Arc." The theme had filled his life and in it one may find the unity of his nature.

unity of his nature.

What is the Jeanne d'Arc of Peguy?

Before all else the need of bringing salvation. "Il faut sauver, qui sauver et comment sauver?" That was her repeated question. That was the desire and the uncertainty that drove Peguy to try one path after another—divergent paths they were, but he sought one goal.

In his youth, caring little for ideas, herself a prayer so ardent that it be-

Jeanne is always in prayer. She is herself a prayer so ardent that it becomes an irresistible will to which the answer is already a fact. The mystery of her calling? Her charity—everything turns upon that. A heart enlarged that heritage with a savage energy. In his "Cahiers de la Quinzaine," a periodical founded to prepare men for a new revolution, he despatched without mercy all those who seemed to give up the Cause or to experiment the savage of their own want. She suffers not alone for the misery of men but also for their apathy in the face of evil. And from the excess of her anguish is born the desire to seemed to give up the Cause or to exploit it for their personal benefit. He found so many "betrayers" among his comrades that he finally separated himself from all. The heirs of the nineteenth century included many op-posing types. They had been drawing

Russian Festivals and Costumes For Pageant and Dance By Louis H. Chalif

This is a book of rich value for those no work in the arts of design, of dance, of pageantry. Though mainly a picte book, and thereby the more adapted the artist's purpose, there is also a scriptive calendar of the year's festivist, religious and secular, with vivid rtrayal of the Russian betrothal and arriage customs.

The many pictures are photographic reproductions of the finest examples of Russian costume and peasant art in all forms. These treasures of private collections and museums are now probably destroyed or scattered to the four winds. But the CHALIF book preserves some record of their beauties for us, which will grow more precious as time goes on.

Price, \$3, postpaid by mail or direct from Louis H. Chalif, 163 West 57th Street, New York. Phone Circle 1927.

Paris Days and London Nights By ALICE Z. SNYDER and MILTON V. SNYDER

Letters between a war-correspondent in London and his wife in Paris, written during the tensest days of 1918. To any one who shared the experiences narrated by the Snyders this book will be a gift to recall with poignant pleasure memories of exciting nights and days.

The N. Y. Herald calls it "a book of singularly vivid quality. No more fascinating record of war work could be imagined."
